Special Events Assistant

Bowman Library

Various Evenings and Saturdays

This position involves watching movies/television, making popcorn, and interacting with patrons. Specifically, we need adults to oversee our special movie and television events. These events occur on Saturdays and weekday evenings. A volunteer for this position must be comfortable interacting with our patrons and viewing PG13 to TV14 media. The volunteer also needs to be comfortable using a home-style, tabletop popcorn maker. Although the volunteer will be working independently, library staff will always be available if assistance is needed.

For questions about this volunteer position please contact Cheryl McKelvey, Bowman Information Services Coordinator at cmckelvey@handleyregional.org.
